Shreyas Patil

Software Engineer at Societe Generale Global Solution Centre
Bengaluru, Karnataka, India

Summary

As a fresh engineering graduate, I'm passionate about developing innovative software applications. Skilled in React development and AI & ML, I've worked on projects at Indian Institute of Science (IISc), Varcons Technologies, and Kartexa.

At IISc, I efficiently worked on React and React Native, creating vital components using React hooks. I also utilized Google Cloud for data warehousing. During my internship at Varcons Technologies, I actively participated in a live project, developing a responsive website for an NGO. At Kartexa, I developed UI based on user requirements and handled back-end functionalities. Certified in Microsoft AI Fundamentals, Network Virtualization, and Image Processing. Let's connect and discuss how I can contribute to your team's success.

Experience

Societe Generale Global Solution Centre
Software Engineer
July 2023 - Present (3 months)
Bengaluru, Karnataka, India

Indian Institute of Science (IISc)
Project Intern
March 2023 - June 2023 (4 months)

Varcons Technologies Pvt Ltd
Full Stack Developer
April 2023 - May 2023 (2 months)

Kartexa
React Developer
February 2023 - April 2023 (3 months)

YBI Foundation

AI Intern

February 2023 - March 2023 (2 months)

Education

Visvesvaraya Technological University

Bachelor of Engineering - BE, Computer Science · (2019 - 2023)

FIITJEE

11th-12th, Science · (April 2017 - May 2019)

Podar International School

10th · (June 2016 - May 2017)
